

IG-Particle Emissions Sticker

Information and the requirement of more than one sticker

With the 1st of Jan. 2015 all vehicles the class N such as trucks, lorries and trailers, if registered as such, require in the Vienna and eastern southern austria (Wien, Osten Niederösterreich) the emission class sticker.

Under the following conditions and with the following papers, obtainable at the ÖAMTC:

-Please send copies of the vehicle certification or registration papers (if available CEMT-or ECMT certification) via mail to the ÖAMTC, SDL department, 4C, Baumgasse 129, A-1030 Vienna. Please note that all papers are well readable.

-Kindly note on the vehicle certification whether the vehicle has particle filtration.

-The cost per sticker amounts to € 29.-

-The ÖAMTC will hand you an open invoice which has to be covered upfront. Hereafter the stickers will be ordered or gradually issued.

-Due to the great demand, the issuing of these stickers requires a period of 15 working days.

-When issued, the stickers for trucks with the total weight of 3,5 tones, can be obtained at any ÖAMTC of your choice which you have noted in your order. Another option would be having the stickers send via post. The costs for the postal dispatch are € 29.-

-Please take into consideration that per law, the stickers for trucks that have the total weight up to 3,5 tones need to be placed by an ÖAMTC employee on the particular vehicle.
